Dear Board Members of TMRE,

The foundation Animalandia Municipio Loreto A.C. wishes to express its deep gratitude to TMRE and especially to Kirk Connelly and Marla Daily for their generous fundraising and personal efforts for the construction of the new clinic here in Loreto B.C.S. Mexico.

The facility has helped improve the lives of hundreds of animals and people in the Loreto community and has certainly improved the working conditions of all the volunteers involved in the sterilization efforts.

We, the Board of Animalandia, hope that we can continue our relationship with TMRE for future fundraising efforts.

Warmly and sincerely,

Lucy Gonzales, President and Denise Jones, DVM
